Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Normal Operations	Normal Operations	Normal Operations	Normal Operations

Cal OES INLAND REGION

Oroville Dam Spillway Scheduled Water Release, Butte County

On 03/31/19 at 1126 hours, the California State Warning Center (CSWC) was notified by the Department of Water Resources (DWR) that the Emergency Action Plan (EAP) for Oroville Dam High Flow Operations was activated as a precautionary measure only. No hazard or threat to the Oroville Facilities exists.

Per DWR as of 04/07/19 at 1631 hours:

- On 04/07/19 at 1000 hours, Oroville Dam will maintain a release rate of 25,000 CFS (Cubic Feet per Second).
- The Spillway is planned to slowly increase its release rate to 25,000 CFS.
- The Hyatt Power Plant (at the base of the dam) is planned to slowly decrease its release rate to 0 CFS.
- Approximately 24,994 CFS is being released into the Feather River.
- This is to maintain flood protection of lake levels while also observing the spillway perform at higher release.
- DWR will continue to notify local emergency management agencies and entities along the Feather River of significant changes in releases from Lake Oroville.
- Cal OES Dam Safety will stay engaged with the dam owner throughout the water release and keep CSWC up-to-date if anything changes.
- CSWC will continue to monitor the situation and provide updates as they become available.

Cal OES COASTAL REGION

- Nothing significant to report.

Cal OES SOUTHERN REGION

- Nothing significant to report.

FIRE ACTIVITY

Cal OES Fire Preparedness Levels

National	Northern California	Southern California
Preparedness Level 1	Preparedness Level 1	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 2	Multi-Agency Coordination System MACS Mode: 2

911 Outages/Remote/Community Isolations:

- None reported.

Service Interruptions:

- None reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Tonight the jet stream will lift northward with light precipitation possible over the coastal range and western Shasta County.
- Monday and Monday night will bring the best precipitation chances throughout the northern interior.
 - Monday afternoon into the evening hours will see a chance of heavy rain and accumulating hail in the north end of the valley.

SOUTHERN CALIFORNIA

- Much warmer temperatures are expected today and Monday, with Death Valley making a run at its first 90 and 100 degree readings of the season, respectively, on Monday.
 - By Tuesday, temperatures will return to seasonal levels as pressure levels drop, which will create opportunities for precipitation.

WEATHER KEY POINTS

04/07/19 - 04/13/19

Sunday-Monday

- An additional wet storm system will move across far northern CA.
 - Periods of heavy rain mainly along the northern coastal areas and the CA/OR border.
 - Flooding possible along smaller creeks and streams. Areal flooding is possible in urban areas. There is also a threat of landslides and rock falls.
- Gusty offshore winds develop across Southern CA and significantly raise high temperatures well into the 70s and 80s. The gusty winds may impact travel.
- Relative humidity will drop to 15 to 30 percent across portions of southern California creating elevated fire weather conditions.

Tuesday

- Slightly cooler temperatures return with snow levels dropping to 5,500 feet in the northern areas. Snow may cause minor travel impacts over the Sierra.
- Gusty offshore winds continue across southern CA. The strongest winds of the week likely Tuesday Night in these areas.
- Strong winds also possible across the southern desert areas.

Wednesday

- Dry conditions across much of the state with no significant impacts. Cooler temperatures continue.
- Gusty winds continue across southern CA but begin to weaken.

Thursday-Friday

- A weak storm system will move across the state. Snow over the Sierra may cause minor travel impacts.

Saturday

- Dry conditions across much of the state with no significant impacts.

CALIFORNIA WEATHER IMPACTS

04/07/19 - 04/13/19

OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2019-LAW-820, 04/06/19, 1805 hours:** The International Emergency Response Coordination Center (IERCC) reporting an InReach SOS activation in Riverside County 33.756759 -116.673517 along the Tahquitz Trail. Registered Owner (RO) reporting that she and her hiking partner were stuck on an icy ridge, exhausted from hiking 12 hours, cold and no food or cold weather clothing. Riverside County Sheriff's Office (SO) responding with a six person rescue team as aviation assets not available. A six member team on foot attempted to reach the two women but were unsuccessful due to the rough terrain and icy conditions. The SAR team resumed at first light and reached the two women at 0641 hours on 04/07/19. **MISSION ONGOING**
- **2019-LAW-756, 04/04/19, 1955 hours:** Request from Santa Clara SO to support Milpitas Police Department (PD) on a missing person case from 03/07/19. Subject, WMA 63 years old walked away from his home in Milpitas on that day after an argument with his spouse, possibly was suicidal. Has not been seen since walking towards Ed Levin County Park. Request is for 5 type C1 or C2 K9s with flankers and 10 Type II ground searchers to assist on 04/07/19, 0800 hours. Requests made to San Mateo County SAR and the State K9 Coordinator. **Update: 04/05/19:** State K9 Coordinator and San Mateo County have filled the request. 15 ground searchers/2 overhead/2 communications staff will be assisting. **MISSION ONGOING**

Cal OES MISSION TASKING

Cal OES Missions

- **2019-SOC-275:** Request for Caltrans Engineer to provide initial technical assistance and determine the scope of the storm drain assessment project alongside city contractors for the town of Paradise. (Coordinating)
- **2019-SREOC-57753:** Requesting equipment to excavate material from under road culverts. (On Scene)

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
